

Acronis True Image 10

Acronis True Image 10.0 Home provides the maximum flexibility to ensure you are adequately protected and can recover from unforeseen events such as viruses, unstable software downloads, and hard drive failures. Create an exact copy of your PC for a full backup or backup only your important data and application settings – your choice!

- **Disk Imaging** — Acronis True Image includes our patented disk imaging backup technology. You can copy your entire PC, including the operating system, applications, user settings, and all data. In the event of a system or disk crash, virus attack or other fatal failure you can restore your entire PC in minutes - no reinstallation is required!
- **Backup your music, video, and digital photos** — Protect your digital memories and music stored on your PC from a fatal system failure. With Acronis True Image you can ensure that these memories are preserved, even if your system fails.
- **Outlook backup** — Create a backup copy of your e-mails, contacts, calendar, tasks, notes, signatures, news folders, e-mail rules and user settings with just a few mouse clicks!
- **Protect your applications** — Use Acronis True Image to restore all the settings for Microsoft Office, iTunes, Windows Media Player and dozens of popular applications!

New Features:

- **Supports Microsoft Vista**
- **Backup your music, video, and photos**
- **Outlook backup**
- **Application protection**
- **Quick backup of specific files**
- **Restore application settings**
- **Explore backups**
- **Create Backup rules**
- **Email notifications**
- **Save to FTP**

Acronis True Image 10.0

Feature	Benefit
Backup	
Backup your entire PC with our patented disk imaging technology	Protect everything on your system, including the operating system, applications, all updates and data
New! Backup data in specific categories, such as documents (Microsoft Word, Microsoft Excel, Power Point), financial records (Microsoft Money, Quicken), music (Mp3s, iTunes), photos, and videos	Ensure that your digital memories and important files are protected
New! Backup Microsoft Outlook	Preserve your emails, contacts, calendar, tasks, notes, signatures, news folders, e-mail rules and user settings with just a few mouse clicks!
New! Backup applications settings for the following applications: <ul style="list-style-type: none">• Productivity tools: Microsoft Office• Email: Microsoft Outlook (including the IMAP folder on the server), Outlook Express• Browsers: Internet Explorer 6 SP2, Mozilla Firefox 1.5 and more• Security: Norton Internet Security 2007, Spyware Doctor 4.0, Zone Alarm 6.5• Audio and Video Applications: iTunes 6, Windows Media Player 10, RealPlayer 10.5, and more• Instant Messaging: MSN Messenger, Yahoo Messenger 8.0, AOL Instant Messenger 1.2, ICQ 5.1 and more• Digital Photography: Corel Paint Shop Pro X 10 and more• Utilities and Drivers: Mozilla Thunderbird 1.5, WinZip 10, Adobe Acrobat Reader 7, and more• Developer Tools: Microsoft Visual Studio 2003, 2005, and more	Protect your application settings and avoid the time consuming process of redoing your custom settings
New! Quick backup	Initiate backup of specific files without being in the Acronis True Image application
Exclude files	Save space when creating backups by only backing up the types of files you want to keep
Create incremental and differential backups	Faster backups by only capturing changes since the last backup or the last full backup
Perform live backups	Continue to use your PC during backups

Feature	Benefit
Recovery	
Restore your entire PC from an image	Avoid the time-consuming task of locating all your application CDs and registration codes, and then reinstalling and reconfiguring all your programs
Restore specific files	Quickly recover important documents from your backup archives
New! Restore application settings	Avoid the hassle of customizing your applications again in case of failure
New! Explore archives	Easily search and recover particular files in archives just like in Windows Explorer
Exclusive! Acronis Snap Restore	Use your system while your PC is being restored
Exclusive! Acronis Recovery Manager	Boot your computer to start the recovery process without boot media by selecting the F11 key, even if your operating system has failed
Management	
New! Create backup archive rules	Ensure that you never run out of space by setting limits on the amount of space allocated for backups, the number of backups and the amount of time you keep backups. The application will automatically manage backups and provide space for new backups
New! Backup policies	Schedule backup tasks that will back up all data, data changes against the previous backup or data changes against the initial backup (i.e. perform full, incremental or differential backup) in a desired order
New! Email notification	Peace of mind by obtaining notification that your backups have completed
Backup scheduler	No need to remember to run backups on a regular basis; you can have the software do it automatically

Acronis True Image 10.0

Feature	Benefit
